MESSAGE FROM SUE SMITH

Program Manager

Dear Solo Friends,

Finally, 2020 is behind us and I am so happy to Welcome 2021! I know that it will be a better year and we will be able to get back together! Our first meeting will be in February and it will be a Virtual meeting. Please refer to the information below this message for all the details on the February meeting. I hope you will be able to join us.

We are working on our 2021 and 2022 trips. 2020 did not turn out to be a travel year and luckily, we had some fond memories of trips in the past. They say that recalling fond memories and planning for future trips, gives you a boost. I think we all need that boost right now.

I hope you all made the best of the Holidays under the circumstances. I am so proud of all of you as I heard comments like, we are doing our best, looking forward to the future and following the rules. While we all have different comfort levels around resuming travel during the pandemic, many of us are waiting for the vaccine. Even the medical professionals have expressed surprise at the positive developments in recent weeks. I am thrilled by the news. Not one vaccine, but two and both almost 95% effective. Yes, distribution will take time. But while we still have a long winter ahead, I can see the end in sight. And this makes all the difference in the world. With the good news we’ve heard lately, I do think we have plenty to smile about—but we still need to be patient and vigilant in the coming months.

I will continue my video messages and be sure to check our website: AAA.com/solo for all the latest on our trips and meeting information.

Let’s start dreaming and planning for our upcoming meetings and trips. We are all lucky to have each other and I know that it won’t be long, and we will be back traveling together again. I hope you will join us on our February Virtual meeting (see details below). Until then, stay healthy and remember the 3 W’s: Wash your hands, Wear your mask and Watch your distance.

See you soon,

Sue Smith
